

PARENTAL CONSENT FORM

PLEASE PRINT THIS FORM AND GIVE IT TO YOUR PARENT/LEGAL GUARDIAN

Dear Parent or Legal Guardian,

Your child has recently become a user on the onboardspace.com website. We are committed to providing children with a safe website to navigate and communicate with other users. Because of your child's age, your child's access to areas on the website that would permit your child to communicate with other users currently is limited.

Your child would like your permission to create an account to fully participate in the communication parts of the website such as sending and receiving onboardspace.com email (the website's internal e-mail system) from Onboard Space and its members, and also personalising certain areas on the website such as the child's profile (including a photo gallery).

Your permission is required for the collection, use, or disclosure of your child's personal information. We will not activate your child's account registration unless you provide us permission. With your permission, we may collect information from your child, such as his or her e-mail address, demographic and computer information and information collected using cookies, similar online technologies and other information as described in full in our Privacy Policy (www.onboardspace.com/privacy-policy).

If you were not with your child when he or she visited our website, we encourage you to visit our website at www.onboardspace.com to see for yourself all that we have to offer. The privacy of our users is very important to us. Please view our Privacy Policy to learn about what measures we have undertaken to protect your child's privacy.

Because some of the website features will enable your child to publicly post personal information, we encourage you to monitor and supervise your child's Internet activities during his or her use of our website. You may, for example, want to know with whom he or she is communicating with, what general discussion topics he or she is involving in, and what personal information he or she is sharing. Please remind your child not to publicly post personal information such as the telephone number or e-mail address on any part of the website or by sending an email to other users with these details. We may monitor messages and posts through our filtering system and by human monitors twenty-four hours a day, seven days a week, but we encourage parents for continued involvement as well.

Once you have reviewed our website and our Privacy Policy, please fill out the following consent form and email it back to us at info@onboardspace.com.

We look forward to hearing from you and welcoming your child to our website.
